E31c. We would like to understand how people's medical history affects their financial status, and how use of health care may change as people age. To do that, we need to obtain information about health care costs for statistical purposes. The best place to get this information without taking up a lot more of your time is in the Medicare files. Could you give me your Medicare number for that purpose?

(Under the Privacy Act of 1974, providing your number is a voluntary decision. The benefits you may be receiving under this program will not be affected in any way by your decision.)

IWER: R MAY NEED TO LOOK UP THE MEDICARE CARD AT THIS POINT. BE SURE TO USE F1(QxQ'S) IF R NEEDS MORE PERSUASION.
