

Disclaimer:

The "Gateway Harmonized SHARE" data sets are derivative products based on released SHARE data. They are produced and provided by the "Gateway to Global Aging Data". SHARE-ERIC does not produce or support Gateway Harmonized SHARE and SHARE-ERIC is not responsible for its content or use. However, whenever using Gateway Harmonized SHARE, the SHARE Conditions of Use apply in full, since these use the original SHARE data (<https://share-eric.eu/data/data-access/conditions-of-use>).

For information and support please visit <https://g2aging.org> or contact help@g2aging.org.

In addition to complying with SHARE's notification and citation duties, users of the Gateway Harmonized SHARE are asked to please inform the Gateway to Global Aging Data of any published analysis using the harmonized data or information from the Gateway Harmonized SHARE Codebook by sending an email to papers@g2aging.org. Users are also asked to include the following acknowledgement in their written work: "This analysis uses data or information from the Gateway Harmonized SHARE dataset and Codebook, Version G as of October 2024 developed by the Gateway to Global Aging Data. The development of the Gateway Harmonized SHARE was funded by the National Institute on Aging (R01 AG030153, RC2 AG036619, R03 AG043052). For more information, please refer to <https://g2aging.org> .
